## REPUBLICAN TICKET.

For President,  
WILLIAM McKINLEY.

For Vice-President,  
THEODORE ROOSEVELT.

For Governor,  
JOHN W. YERKES.

For Congress,  
WILLIAM LYNCH,  
Of Hopkins County.

For Surveyor,  
WILLIAM BEARD.

REMEMBER the polls open at 6 o'clock Tuesday morning.

The device at the head of this column shows how to vote the Republican ticket.

STAMP inside the circle under the Log Cabin. That will count for all the Civil Liberty candidates.

ONLY a few more days left to those believers in Bryan's election to "take THE BEE now and pay for it when McKinley and Roosevelt are elected."

LOOK for the presentation on the first page of THE BEE next week of the latest portraits of the victorious candidates, William McKinley, Theodore Roosevelt and John W. Yerkes.

THERE will be no excuse for anybody who gets THE BEE this week not to know how to vote the Republican ticket under the amended law next Tuesday. The stencil mark must be made inside the circle.

It is hard to know where the John Brasher Coxey's Army sympathizers were when the procession went through Earlinton Monday. It is possible they were looking out a location for a soup house in case of Bryan's election.

OUR Red Hill correspondent tells of the death of an old rooster by nervous prostration as among the casualties of the Christian county Coxey's Army march. That's the fate cut out for the Democratic bird in Kentucky next Tuesday—and in the United States.

AN invitation is extended by the Hustler to "get in the Democratic band wagon." Most Hopkins County people this week have kept away from the Democratic band wagon touring the county in company with the local calamity shouters who advocate the discontinuance of our present peaceful prosperity.

THE Log Cabin will be second on the ballot this year notwithstanding that the law says that ticket shall be given first place on the ballot for which the greatest number of votes were cast at the last election, and notwithstanding the fact that the Goebel

commissioners certified that Taylor received more votes given

AMONG the pictures of Republican and Civil Liberty nominees presented THE BEE readers is an excellent two-column likeness of Hon. William Lynch, of Hopkins, who promises to give Hon. Henry Allen a good run for his white alley next Tuesday. Mr. Lynch and his friends have been doing magnificent work. In connection with his portrait we publish a sketch of his life and political career.

HON BEN T. ROBINSON took a train poll the other day in a strongly Democratic region out of Elizabethtown. To his surprise it showed a margin in favor of McKinley. He went through the white coaches only. The vote stood McKinley 30, Bryan, 26. Not a bad showing for the section that was recently discourteous to Gov. Roosevelt because he is a Republican. Some people will be surprised this year yet.

### Grover Cleveland's Opinion.

"BUZZARD'S BAY, Oct. 7, 1900.

"JOHN S. GREEN, ESQ.,

"DEAR SIR:—I have received your letter enclosing a copy of my letter written more than five years ago to the business men of Chicago. I had not seen it in a long time, but it seems to me I could not state the case better at this time if I should try. I have not changed my opinion as therein expressed in the least.

"Yours truly,

"GROVER CLEVELAND."

The letter referred to concludes as follows:

"If reckless discontent and wild experiment should sweep our currency from its safe support, the most defenseless of all who suffer in that time of distress and national discredit will be the poor, as they reckon the loss in their scanty support, and the laborer or workman as he sees the money he has received from his daily toil shrink and shrivel in his hand when he tenders it for the necessities of the humble home. I will not believe that if our people are afforded an opportunity for intelligent second thought, they will sanction schemes that however cloaked in meandisaster and confusion."—New York Herald, October 12, 1900.

Again the question arises, with all of these inevitable, and many of them conceded consequences of Mr. Bryan's election, is it safe or advisable to put him in?

### The Guilty Conscience.

Cincinnati Tom Campbell is having a time with his star witnesses in the Goebel assassination cases. Roving Barber Weaver in jail under indictment for perjury and young Finley Anderson, the chief witness against Caleb Powers, now makes affidavit that he swore falsely on the witness stand upon suggestion made by Campbell and Arthur Goebel. The villainy of the prosecution in these cases is coming out. Anderson states further in his affidavit that Arthur Goebel has paid him \$300 in various sums; that Campbell has given him sums of money a number of times and secured employment for him more than once; and he produces two letters from Campbell substantiating the latter statement. Finley Anderson was a free man, but now he voluntarily puts himself in the clutches of the law to be prosecuted for perjury because he says he is driven by a guilty conscience to right the great wrong he has done Caleb Powers. What outrages would there not be disclosed if the inmost recesses of that conscienceless scoundrel, Campbell, could be disgorged.

### POLITICAL POINTS.

Gov. W. O. Bradley and Judge W. H. Yost spoke at Hartford Saturday to a crowd of several thousand people.

Chairman Duty, of the Republican State campaign organization bureau, says, "The people would be astonished to learn the reports which are coming in daily" favorable to the election of Yerkes and Republican candidates for Congress.

Dr. W. Godfrey Hunter has made a trip through Southern Kentucky and has made some speeches. He says "Yerkes is

gaining votes by the dozen and Beckham is losing. I talked to scores of Democrats who will not support him. I am led to believe Yerkes will sweep the State."

The plans for the reception of Hon. Jno. W. Yerkes at Louisville tonight and tomorrow night are on a scale to surpass perhaps even the magnificent ovation given Roosevelt in that city—once Democratic but now Republican.

A great rally will be held for Mr. Yerkes Monday afternoon at Lexington which, it is predicted, will surpass anything of the kind ever held at the bluegrass metropolis. Mr. Yerkes will close the campaign with a speech at Georgetown Monday night.

According to Democratic reports the Beckham band wagon brigade had a three mile procession on a two mile stretch of road into White Plains.

Odie Davis, recently county surveyor by appointment of Judge Hall, has turned about in favor of principle against partisanship and declared for the Republican ticket and party. He has resigned the office of surveyor, and is now working for Civil Liberty.

Mr. Beckham has not answered yet, and Capt. Stone has written a second letter inquiring if the young acting governor wishes to accept his challenge to joint debate.

Acting Governor Beckham and Ollie James spoke at Flemingsburg Saturday, being met at Ewing by 200 Democrats. Last year Mr. Goebel was met at the same place by an escort of 3,000 people.

Saturday night Col. Bennett H. Young spoke at Bowling Green. There were 1,000 people in line instead of 10,000 as had been claimed would form the procession from the depot.

The polls open at 6 o'clock this year under a special act passed at the special session of the Legislature.

Hopkins county and everybody else has been asking for a speech from Hon. John W. Yerkes before the campaign closes. Pity there are not several of him.

The Central Passenger Association has arranged for a one fare round trip rate over a large number of roads for persons going home to vote. The Louisville & Nashville, Illinois Central and L. H. & St. L. roads grant this rate.

The star witness in the prosecution and persecution of Caleb Powers, young Finley Anderson, upon whose testimony chiefly rested the case against Powers, now makes affidavit that he lied on the witness stand and that he is goaded by a guilty conscience for the injury he has done Powers. He has received \$300 from Arthur Goebel and money at various times from Col. Tom Campbell.

Go to a warmer and more regular climate? Railroads in the Northwest, notably the Northern Pacific, the Great Northern, and the Oregon Railway and Navigation Company are reported short of men, as well as of rolling stock and motive power. This is ascribed to the prosperous condition of the agricultural interests in Washington and Oregon, a new feature of which is the shipping of hay in bales to China, the Philippines and the Hawaiian Islands.

**Dr. Bull's Cough Syrup.**  
Cures a Cough or Cold in one day! Why cough and risk consumption? This famous remedy will cure you. Doctors recommend it. Price 25 cents. Sold by all druggists.

## BOOKER WASHINGTON

Sends Negroes From America to Introduce Cotton Industry in Africa.

New York, Oct. 31.—A party of students from the Normal and Industrial Institute for Negroes, Tuskegee (Ala.) will arrive here tomorrow on their way to the German colonies on the west coast of Africa. They are under contract to the German Government to introduce cotton raising among its colonies in Africa. The party is equipped with cotton ploughs, wagons and carpenter tools and will sail Saturday.

The Germans will pay all expenses of the expedition, and a good salary to each man. The expedition is regarded as the beginning of a formidable competition with America in the cotton raising industry. Mr. Booker T. Washington, president of the Industrial College, negotiated all the arrangements. His expedition will go first to Togo, where the German agents will meet it and instruct the leader as to location and further details of the plan. In the party are highly educated negroes who have been trained for the work they now undertake. Mr. Washington regards the expedition as one of the most important moves for the negro that have occurred since the abolition of slavery, and he predicts success for the German plan.

### Question Answered.

Yes, August Flower still has the largest sale of any medicine in the civilized world. Your mothers and grandmothers never thought of using anything else for Indigestion or Bilefulness. Doctors were scarce, and they seldom heard of Appendicitis, Nervous Prostration or Heart failure, etc. They used August Flower to clean out the system and stay fermentation of undigested food, regulate the action of the liver, stimulate the nervous and organic action of the system, and that is all they took when feeling dull and bad with headaches and other aches. You only need a few doses of Green's August Flower, in liquid form, to make you satisfied there is nothing serious the matter with you. For sale by St. Bernard drug store.

The band wagon has come and gone and the only noticeable impression it made in this community was that it made all the wild animals seek their dens and caused an old rooster belonging to J. H. Denton to die of nervous prostration.

Death has again visited our community and claimed as a victim Mr. John W. Pyles, one of our best citizens. He was sick only a short time and on last Thursday night he died, leaving a wife and four children to mourn his loss. Interment at Coles Chapel cemetery Friday.

Mr. Samuel Graham and Miss Fannie Sharber were married last week at the residence of the bride's father, Rev. Bilbro officiating.
